SCHOOL FOR ADVANCED STUDIES TO HOLD FOUR INFORMATION SESSIONS FOR 10TH-GRADERS INTERESTED IN ACCELERATED COLLEGE STUDIES

The School for Advanced Studies (SAS), a full-time, nationally-recognized, dual-enrollment high school, will be holding information/application sessions on Saturday, September 29, 2012 and Saturday, October 13, 2012 for current 10th grade students who would enter SAS for the 2013-2014 school year.

All District 10th-grade students with a minimum 3.0 grade point average are invited to apply, and may be admitted for the 11th grade upon passing the college placement test (PERT) administered by MDC. Student selection is based solely on the order in which applicants meet the established criteria up to the point where enrollment limits are reached.

Students attending SAS complete their last two years of high school while attending MDC and, in many cases, simultaneously graduate with both a high school diploma and an Associate of Arts degree from MDC (80% of the SAS Class of 2012).

Each semester, students enroll in a minimum of three college dual-enrollment courses taught by MDC faculty and four high school courses, taught by SAS faculty. All high school courses are Advanced Placement courses except for Pre-calculus and Research. Students receive free tuition and fees, free textbooks, and, if eligible, school bus and Metrorail transportation funded by Miami-Dade County Public Schools.

SAS Information/Application Meetings

Homestead Campus - Saturday, September 29, 2012 at 1:00 pm
Building F, Room F222 (Second Floor)
500 College Terrace
