

January 8th, 2010

The Miami-Dade Elections Department has recently undertaken a project that eliminates split precincts. This has resulted in new precinct numbers being created throughout Miami-Dade County. This change is currently in effect for the City of Florida City's Bi Annual Election which takes place TUESDAY, JANUARY 26TH, 2010.

Precinct 937.0 (Unincorporated) and 937.1 (Florida City) used to be a split precinct. Now, Precinct 937.1 has been issued a new number 961.0 and remains in the same location as a same board with Precinct 962.0.

Precinct 938.0 (Unincorporated) and 938.1 (Florida City) used to be a split precinct. Now, Precinct 938.1 has been issued a new number 962.0 and remains in the same location as a same board with Precinct 961.0. At present, there are no registered voters in this precinct.

All affected voters (106) have been sent a letter and a new Voter Information Card with the updated precinct information.
